Dear Parent

“Wisdom begins in wonder.”

- Socrates.

Holidays are the most awaited time of the year. We yearn for holidays to take a break from our monotonous routine and make numerous plans for the same. While some of our plans materialize others are postponed for next holidays.

As a parent, while you may be thrilled to have your child at home, you may also be thinking about ways to keep them busy and engaged. Here are a few fabulous and fun activities for the children to stimulate their thought and imagination, please make note of the activities and instructions given below.

Kindly encourage your ward to complete it. Your ward is expected to submit it on the day the school reopens after summer vacation.

We wish you a happy and fun filled summer vacation!

Shalaja Gopinath
Principal

SUMMER HOLIDAY ACTIVITIES IV – 2018
